Mission: The Grand Computers Club is run by Sun City Grand volunteer residents to support, train, and enhance the use of personal computers and related technology by all interested residents. We are here to help a beginner get started and an experienced user to advance their abilities.

Members of Grand Computers can sign up online or in the clubroom for classes. The classroom has 11 student computers and 4 laptop internet cable connections; the open-use room has 16 PCs, 6 iMacs (4 running Windows), and 4 laptop connections available during hours of operation.

Visit us in the Chaparral Center or call for information at (623) 546-7508.

The Winter 2012 class schedule is now available. Go to the Education page and click on the "Class Schedule" button. You can register for Winter Classes at any time by logging in and clicking the "Register for classes" link.

2011 memberships expired on September 30.

Current Members can renew online by logging in and clicking the "Renew using PayPal" link. New Members can join the computer club online by filling out the Membership Application. In either case you can pay your dues, $20 from October 1, 2011 through September 30, 2012, using PayPal (online) or by visiting the Grand Computers Club on Monday through Friday during hours of operation.

Volunteer Dinner

# Statistics for 2012

- **In the US there are estimated to be:**
- **90 million tablets**
- **130 million smart phones**
- **300 million personal computers**

# 2012 GAO Study

- **Deficiencies:**
- **Passwords are not enabled**
- **Two-factor authentication not used**
- **Wireless communication not encrypted**
- **Devices can download apps with malware**
- **Devices do not have security software**

  - GAO Report Summary

# 2012 GAO Study

- **Deficiencies (cont.):**
- **Operating systems are out-of-date**
- **Apps on devices are out-of-date**
- **Devices do not limit Internet connections**
- **Devices have unauthorized modifications**
- **Communications channels are poorly secured**

# Common Sense

- **Protect the <u>data</u>**
- **Use passwords correctly**
- **Consider storing important data separately**
- **Encrypt files**
- **Install and maintain anti-virus software**
- **Install and maintain a firewall**
- **Back up your data**
  - **https://www.us-cert.gov/ncas/tips/ST04-020**

# Common Sense

- **Protect the <u>device</u>**
- **Stick with OS App Store for apps**
- **Use simple locks (gestures)**
- **Choose your Wi-Fi networks wisely**
- **Read the fine print on apps (EULA)**
- **Have a "remote control" function**

- **CSO Security & Risk**

# Common Sense

- **Protect the <u>device</u> (cont.)**
- **Less is more when it comes to apps**
- **Have a backup plan**
- **Consider mobile security software**
- **Be wary of fake SMS (text messages)**
- **Auto-lock your devices**

  - **CSO Security & Risk**

# Security Tools & Software

- **20 security apps for Androids & iPhones**
- **20+ best FREE security tools**
- **How To Encrypt Data on Your Smartphone**
- **Top 3 Android security apps: Do they protect?**
- **10 Android Security Applications to Keep Your Mobile Devices Safe**
- **10 Helpful iPhone Security Apps**

# Security Advice

- **National Cyber Awareness System**
- **Securing Your Web Browser**
- **9 hacking, phishing & social engineering lies**
- **10 tips for Android security**
- **How Do I Protect the Information on My Mobile Phone?**
- **How to Wipe Your Device Before Donating?**
- **Erase Your Info Before Donating A Cellphone**

| DATE | MEETINGS |
|---|---|
| Nov. 12, 2013 | **Video / TV Apps –** Rita Skarbek, Nancy Collins |
| Dec 17, 2013 | **News / Weather / Sports** – Ira Simmons |
| Jan 21, 2014 | **Best / Newest Devices** (iPhone 5s, iPad, Android, Windows, Google Glass, iWatch) – Dr. Leon Chapman, Bob Crawford, Joe Parla, Larry Laursen |
